INVOCATION

May the Light in Me be the light before me
May I learn to see it in all.

May the sound I utter reveal the light in me
May I listen to it while others speak.

May the silence in and around me present itself,
The silence which we break every moment,
May it fill the darkness of noise we do
And convert it into the Light of our background.

Let virtue be the strength of my intelligence,
Let realisation be my attainment,
Let my purpose shape into the purpose of our earth,
Let my plan be an epitome of the Divine Plan.

May we speak the silence without breaking it.
May we live in the awareness of the background.
May we transact light in terms of joy.
May we be worthy to find place in the Eternal Kingdom OM.

Master E.K.

MESSAGE OF THE TEACHER

The Waters of Space are the energies of Pisces; they are full of synthesis. All that manifests is from such waters. When man feels that he is not pure enough, he should think of frequent head baths, for the water on earth is a manifestation of the waters of space. The month of Pisces is specially suited for the purpose. The *Puranas* speak of head baths conducted to the Celestial King by the Devas with the Space Waters, when he was found to carry undesirable desires.

It is a message to humans that they enter the month of Aries to experience the Electric Fire by going through the month of purification of Pisces.

PRAYER FOR THE YEAR

In HIS name we live
In HIS Temple we live.

In HIM verily we live
Until HE opens HIS eye in us.

In HIS name HE lives
In HIS Temple HE lives.

In HIM verily HE lives
As HE opens HIS eyes in us.

Let us look to HIM
When we look to each other.

Let us find HIM in all that IS.

MESSAGE OF MASTER E.K.

WELFARE

Creation is not at loss if an individual is not enlightened. To Creation the welfare of all is important. The welfare of all includes the welfare of an individual. General welfare stands in preference to the individual welfare. Let the individual therefore work for the welfare to “fare well” in life. That is the way to enlightenment.

MESSAGE OF THE MONTH OF PISCES

The symbol of Pisces is the symbol of synthesis. It contains two fishes moving in opposite directions. The opposites are complementary. Creation is worked out through the opposite currents to experience Creation. One needs to synthesize the seeming opposites. Without the seeming opposites there is no Creation. Pisces is the place of birth and death as well, of Creation. When it enables its energy to flow in opposite directions, Creation happens. When it proposes synthesis, the splendour is experienced. Analysis from synthesis and synthesizing the analysis is the skill of Pisces.

The subtle beginning of Creation happens in Pisces and is conducted by Aries. Two forces of current move from Pisces: one in clockwise direction through Aries, another in anti-clockwise direction from Aquarius. The two currents meet in Virgo, which is seen as the birthplace of the Son of God, who is the Son of the Virgin. Virgo is the ascendant of the Son of God, Jesus, in whom the synthesis of Lord Maitreya - who represents Pisces - is reflected for the world.

GÎTÂ-UPANISHAD

- LORD KRISHNA -

There are 3 states of ignorance which man experiences regularly, that is: the state of awakening to the world, the state of awakening to the dream world and the state of sleep. These 3 are caused by the 3 qualities. The one who experiences the 3 states is the 4th one; it is he who enters into the 3 states. Due to the conditioning of the 3 qualities, man experiences only these 3 states and does not experience himself. What is he? Who is he? How he came to be? And what is be-ness? These questions remain unanswered in the 3 familiar states. These 3 states are called the states of illusion. The state of man beyond these 3 is the reality. Lord Krishna gives the Path to the Truth of Pure Existence beyond the 3 qualities to Arjuna, posing the very fundamental questions about oneself. Knowledge of oneself beyond the qualities is the ultimate knowledge propounded by the Bhagavad Gita.

LORD MAITREYA

THE MIRACLE

To inspire beings, to unfold their hearts and to stabilize such unfoldment, the only quality that is needed is simplicity. The whole Nature bows down to the man of synthesis; it bows down like a rainbow. The acts that emanate from such person are as colourful and beautiful as those of the rainbow.

Seldom we find a person who is not inspired by the sight of the rainbow. So is the act done in simplicity.

The simple ones have no urge to be recognized. Those who seek recognition through acts of goodwill may be doing such acts with great mind, but neither they nor those to whom they are intended rejoice in such acts. There is no joy in greatness. Many times greatness ceases your joy. Not all great people are joyful people. The simple ones are joyful, they do greater acts than the great ones and leave much before their greatness is cognised. Such are the miracles of the true Teachers. They awaken the beings, cause the unfoldment of the heart and depart before the beneficiaries recognize.

MASTER MORYA - MARUVU MAHARSHI -

DIVINE POWERS

People are funny; they aspire for divine powers. They do not realize that they carry already many powers. They least know the power of the body, the power of respiration and the power of thought, which is in their reach. How can further powers be entrusted to fellows who do not use what is already bestowed?

Learn the power of thought and practise. Learn the power of sound and speech and practise. Learn the power of fiery aspirations and progress. Learn the unlimited powers of the human body. That really does not demand so much as you think.

Unless the given powers are well used, further powers are not bestowed by Nature. Let us work with what is given. Let us not dream and stop working with what is given. This is wisdom.

**MASTER KOOT HOOMI
- DEVAPI MAHARSHI -**

EAGLE'S EYE

There was a Yogi who was causing subtle change of articles in his ashram from time to time. The dwellers of the ashram do not normally notice the delicate changes; they notice only the gross changes. The Yogi looks for the dweller, if any, who can notice the subtle changes that are made. If one notices such changes and enquires from the Yogi, then such a one is accepted as an Inner Circle member, a disciple, to whom deeper wisdom is specially taught. The Yogi used to teach the normal routine wisdom to others. This was his way of selecting the disciples.

One day a colleague of the Yogi visited him and observed what the Yogi did in the midnight hours in the ashram. He enquired from the Yogi of what was the purpose of such secret acts in the night.

The Yogi replied: "The real entry into the ashram is only to those who carry the eagle's eye. Physical entry into my ashram is no entry. A dweller who does not have keen observation and comprehension cannot be given sublime wisdom. I do not wish to work intensely with the deaf and the blind. At least one who can see, listen and feel subtle changes, is enough for me than many. I am just looking for a grain in a heap of husk. If I find one, I shall entrust the treasures of wisdom to him, and thus repay my debt to my Guru. He repaid his debt by entrusting the treasure to me. I too shall have to repay the debt to my Guru by entrusting the treasures of wisdom to the appropriate one. My midnight labours are for that.

**THE TEACHINGS OF
MASTER D.K.**

THE POWER OF PRAYER

The Path of Discipleship is a Fiery Path. One needs to carry fiery aspiration. Daily prayers will keep the flame of aspiration adequately inflamed. Prayers have such purpose for aspirants. Through prayers one can course through the difficulties of life and that of the personality. Personality is the biggest dweller on the threshold to the Path of Light and cannot be overcome by the aspirant himself. He needs to invoke the Lord of the Flames to strengthen and inflame him, so that he stands stable in times of conflict. Ill health, lack of co-operation of the loved ones, economic failures, obstacles to the acts of goodwill, try to inundate the flame of the aspirant. Sometimes the floods of emotion may threaten to put off the little flame. It is therefore necessary at all times that prayers are done regularly, and alignment is made with the Great Ones of the Hierarchy, besides the prayer to the Light.

The Brotherhood of the Hierarchy also prays regularly. They also align with the Hierarchies of the Higher Systems. To the planetary beings, the Planetary Hierarchy opens the door to the vaults of Light. To the beings of the Planetary Hierarchy, the vaults of Light are open by the Hierarchies of the Higher System. The 7 Hierarchies form the Path of Light in this sevenfold Creation.

Therefore learn to pray and seek to align.

VIDURA WISDOM TEACHINGS

SHIRDI SAI SAYINGS

MY IMMORTALITY

In spite of My teachings of immortality of soul, the ignorants believed that I died. I had to demonstrate My life after death and hence the continuity of tangible actions through the "Samadhi".

I speak, I appear and thus inspire people to assure them of My Presence - with or without body.

Poor are they who think that I need a body to exist.

NEWS - REVIEW TOURS OF THE TEACHER

4th -25th February 2003

2nd Caribbean Tour to Miami (Florida) - Santo Domingo (Rep. Dominicana) - La Habana (Cuba) - Pozo De Rosas (Venezuela)

11th -13th February 2003

La Habana/ Havana (Cuba)

Prior to our landing in Havana, we had to go to Panama, where we met with Bro. Roberto and Sister Helena from Argentina. They joined the Teacher and his company and "the five-pointed star" entered Cuba at midnight, after long hours of waiting at the customs.

Sister Carmen Santiago has contacted the group in Cuba previously and joined from Venezuela, and so did Sister Rosalía from Mexico.

One day before meeting the group the Teacher visited the Monument to the Revolution, the Capitol, the port, the Christ and the cathedral in Old Havana. Inside the Monument to the Revolution the Teacher gave a speech on freedom and economy to the eight people who accompanied him. Later, as we were approaching the Capitol (the old Parliament building) two white doves appeared in the blue sky and made several rounds above the esplanade in front of it before making a wide tour from left to right around the Capitol dome. This was a sight and a sign. The two doves were two Masters who were giving their blessings to the visit and the work of the Teacher in Cuba. The Teacher himself recollected and explained this event to the group two days later.

A group of 50 people received the Teacher in Havana. Every morning and evening we met in their community and talked together. The group was very well informed about the teachings of Master E.K. and the Teacher and had many questions in connection to meditation, healing and astrology. A public meeting was arranged for 300 people but was not allowed by the authorities. 150 books were donated by Dhanishtha-Spain to the group in Cuba. The group was deep and dedicated to the work and showed respect and admiration for the Teacher. The experience during the teachings was always very deep.

After the morning meditation of the third day of stay in Cuba the Teacher communicated that there is a bright future ahead for Cuba, and that Master CVV will never abandon Cuba till this country and its people enter into the splendour of the Aquarian Age. It was the 11th phase of the moon in Aquarius.

Master D.K.

The wheel of Creation rotates with OM as its basis.
Let the wheel of your life also gain such basis of
OM.

The wheel of Creation moves unimpeded.
The wheel of your life also moves likewise,
Unimpeded

And gradually attunes to the wheel of Creation.
